REPORT

OF

COUNTY COMMISSIONERS, SUPERINTENDENT OF THE
COUNTY FARM, CLERK OF THE SUPERIOR
COURT, SHERIFF, JAILER, COUNTY
TREASURER, AUDITORS

COMMISSIONER'S REPORT

To the Citizens of Hillsborough County:

The Commissioners of Hillsborough County take pleasure in submitting our Annual Report for the fiscal year ending December 31, 1930.

Probably the most important work coming under our supervision is the administration of our Institutions at Grasmere. We cannot recall any year in the history of our County when more improvements have been made at the County Farm for the comfort and happiness of the inmates. We point with pride to the able and progressive management of Superintendent Charles P. Connor, and call your attention to his report for the past year. Reciting his achievements would only be a repetition. He has been assisted by his devoted wife and helpmate, Sarah A. Connor, who has performed the duties of matron in a commendable manner.

Romeo Gagnon, as Assistant Superintendent, has co-operated with Superintendent Connor in every way in his work, ironing out all the many details that came under his jurisdiction.

At this time we would like to comment on the work of our efficient clerk, Verna Milligan, who, since 1923, has given such good service to the County.

Our County Hospital, which was given a high rating by the American College of Doctors and Surgeons last year,

has maintained that high standard, and is a credit to Hillsborough County. Too much praise cannot be given to Miss Addie Moore, Superintendent, for her conscientious and untiring efforts, ably assisted by Mrs. Jesse R. Corey, Assistant Superintendent. Damase Caron, M. D., Simeon Hebert, M. D., and Eddy B. Swett, M. D., headed a most competent staff of physicians and surgeons, a fine organization of faithful nurses cooperating in their works of mercy for the sick and invalids in their care.

We commissioners are very proud of the excellent condition of our institutions at Grasmere.

John T. O'Dowd, former Sheriff, in the capacity of Jailer, and Mrs. O'Dowd as Matron, have carried on their duties in the humanitarian O'Dowd manner, which they always have been noted for.

Labor conditions, due to business depression for the past year, causing much unemployment, made it necessary for thousands to appeal to the Commissioners for help to support their families. The demand for assistance keeps growing yearly, and has become a financial problem.

We have tried in every way, as public servants, to protect the taxpayers of our County in the expenditure of their money by caring for the worthy and needy. At this time we want to extend our thanks and appreciation to State Officials, Selectmen, and Overseers of the Poor, and all others, who have so kindly assisted us in the important work of caring for the poor of our County.

In closing, we extend a most cordial invitation to all taxpayers to visit the County Farm at Grasmere, so that they may personally look over the work of caring for the inmates.

Respectfully submitted,

JAMES B. HALLISEY,
GEORGE J. GINGRAS,
County Commissioners.

REPORT OF THE SUPERINTENDENT

To the Honorable Board of Commissioners of the County of Hillsborough:

GENTLEMEN :

Increasing years do not minimize the demands, responsibilities and cost of maintenance of the Hillsborough County Farm, and General Hospital. They mount with the continued growth of these institutions. There is no evidence that they will ever be less.

Many of the county expenses are permanent, and cannot be changed. They are the inevitable outgrowth of a steadily-increasing population, which must be maintained, always changing, but never diminishing.

Wholesome food must be supplied to an average of over 600 persons, three times a day, and 365 days in a year. Many of these must be clothed at the County's expense; and all must be provided with generous warmth in cold weather, and human comforts.

Your superintendent has endeavored to keep the expenses of the farm as low as is commensurate with principles of humanity, and existing economic conditions. He believes it to be an unwise policy to allow the group of buildings on the premises to deteriorate. There are fifteen of these, many of them erected over 35 years ago, and alterations and repairs upon them is an annual necessity. The annual cost of repairs is large, and it cannot be otherwise at an institution of this character, where worthy poor, needy, sick, and unfortunate must be cared for at the expense of the County of Hillsborough.

In the judgment of the superintendent, one of the most important matters confronting the administration in the next two years is that relating to the separate care and treatment of venereal diseases. Cases of this nature are being sent to Grasmere, and it seems to be our duty to

accept them. There is no other means now provided than to permit them to intermingle with other patients, in the hospital and convalescent ward. That this is an absolutely wrong and dangerous thing to do, should be evident to every intelligent person. Cases come here from remote parts of New Hampshire; some have been refused admission to other public hospitals.

Imperative need of a building apart from others, properly fitted for the sanitary care and treatment of venereal troubles, is an outstanding demand of Hillsborough County Farm and Hospital, and until one is provided there is more or less danger of a dissemination of these contagious maladies among other patients and inmates. The establishment of a building for venereal cases, which cannot be refused entrance to the County Hospital or convalescent ward, should contain separate wards for women and men. It does not appear to be an expensive undertaking.

It is the opinion of your superintendent that the present electrical burden of the county may be materially lessened by the purchase of high voltage electricity, direct, and the installation of a private transformer at the farm, for reducing and distributing the current. The expense of electricity at this farm ought to be cut down, and may be, in a way suggested, I believe.

It would be of distinct advantage, if this farm had a greenhouse, where early vegetables, now bought, might be raised, profitably. The consumption of food is one of the biggest problems constantly before the management. Installation of a low-cost greenhouse would offer means, also, for the cultivation of flowers for transplanting, to improve in summer the appearance of the County Farm and Hospital buildings and grounds, which are situated upon one of the most frequented state highways in southern New Hampshire.

Few improvements of recent years have received more favorable public indorsement than the construction the past year, of a subway for cows. An underpass, beneath the state

highway leading from the main barn to the pastures, has been built at a small expense to the county; the state of New Hampshire and the town of Goffstown sharing in it. No longer are the lives of valuable milking cows threatened, as they have been in former years, by being driven through a busy state highway.

Work of widening 1200 feet of the highway abutting farm property, and the construction of a solid, new wall of stone and cement, has been completed, and meets the approval, apparently, of the tax payers of the county, and the public. During the past year, one of the driveways leading to the Hospital has been perceptibly widened and a new dividing wall, 200 feet in length, laid.

Remodeling of the County Farm Chapel has been accomplished and it is believed will commend itself to all visitors acquainted with the inconveniences and unsightliness of the old.

Not only are regular religious services held on each Sunday in the chapel, but here also are assembled from time to time, large gatherings, for various purposes. Here the Hillsborough County Delegation of the state legislature is called to consider the annual appropriations of the county, and transact other county business, which may occur, requiring the attention of county legislators.

Upon holiday occasions, the chapel brings the inmates together to join in the observances of Christmas and Easter. Representatives of welfare organizations of the county come here to meet those who are unable to go home, or mingle in the activities of the world. Enjoyable social affairs are arranged during the year in the chapel; and in the past, it contained a well-selected library of books of reading for the inmates.

Displacing a dark uninviting place of congregating rows of ugly wooden posts, the labor and skill of the farm have succeeded in beautifying the chapel in a manner which satisfies the eye by its good taste, and will be accepted as one of the best changes in years at the County Farm.

A trussed ceiling has superseded the posts; the walls and ceilings have been softly tinted; new modern electric lighting has been installed and a new hardwood floor laid, to replace one which had long been shabby and unfit.

Increased fire protection has been added to the hospital buildings, as further protection against fire, the most dreaded menace at the County Farm, which brought a fresh example the past winter through an early morning fire in the farm piggery, nearby buildings containing scores of feeble, and bed-ridden people. Sixteen new stand pipes have been placed in the hospital and connected with the county reservoir, so that this institution is now more fully protected from fire, and its dangers, than ever before. New electrical fire exit-warnings have been located in the hospital.

Several new electrical refrigerators have been purchased for the hospital and convalescent ward, and their introduction has given satisfaction and improved service.

It is hoped that the near future will provide this institution with a special home for small children, who are continually a part of the county's care, and always will be. Their present quarters are near the jail where their outlook is upon prison walls. Such surroundings cannot be anything less than a disadvantage to the development of a child.

Through its registered herd of milking Holsteins and scientific methods of care and feeding, the Hillsborough County Farm is now able to raise all of the milk it uses, and this averages 700 quarts daily. One cow of the county herd held a state record in production for eight months, in 1930 her daily yield of milk being 90 pounds. Other cows in the herd produced daily milkings of 75 to 80 pounds.

Advanced steps have been taken at the farm in raising pork for farm consumption. Last year the farm dressed 13 tons of fresh pork, and now has packed in storage, sufficient salt pork to meet the demands of the institution for another year. Ham and bacon, by-products of pork-raising

ing, have been obtained in ample quantity and purchases eliminated in the open market.

Renewed acknowledgement is made of many thoughtful kindnesses bestowed by the public upon this institution; especially by the Women's Christian Temperance Union, the 172nd Field Artillery Band, the Women's auxiliary of the American Legion Posts, the Salvation Army, the Mothers' Social Service of Grace Episcopal Church, and the United Mothers' Club.

Frequent visits of a helpful inspiring nature have been made upon inmates by our worthy chaplains, the Rev. Edmond M. Total, chaplain of Villa Augustina, and the Rev. Thomas C. Brewster, pastor of the Baptist Church, Grasmere.

I wish to thank the officers for their willingness to cooperate with me.

I hereby express deep appreciation of the splendid cooperation manifested toward me by the board of county commissioners and of the counsel and advice I have received from them; and have sought to carry out their policies and suggestions, faithfully and conscientiously.

CHARLES P. CONNOR,
Superintendent.

HOSPITAL BUILDINGS, GRASMERE

EXPENDITURES ON ACCOUNT OF COUNTY FARM AND HOSPITAL

Paid January Settlement	\$12,549.57
February Settlement	11,347.19
March Settlement	13,171.88

REPORT OF COUNTY TREASURER

*To the Honorable Board of Commissioners for Hillsborough
County:*

Year Ending December 31, 1930

The following is a correct amount of all money received by me as Treasurer for the year ending December 31, 1930, and disbursements during the same period.

This County, comprising as it does the manufacturing centers of Nashua and Manchester, has been heavily burdened during the year 1930 as a result of the country-wide economic situation. Unemployment and the tremendous burden upon the County as a result thereof, has been responsible for unusual demands upon the County Treasury. The demands have been met, however, and the financial standing of the County is excellent.

Respectfully submitted,

ALVIN A. LUCIER,
Treasurer.

Admitted since January 1, 1930.....	398
<hr/>	
Total	457
Discharged since Jan. 1, 1930	412
<hr/>	
Remaining in Jail Jan. 1, 1931	45
Daily average since Jan. 1, 1930.....	53
Largest number in any one day	73
Smallest number in any one day	32

Respectfully submitted,

JOHN T. O'DOWD, *Jailer.*

REPORT OF COUNTY PHYSICIAN

The Hillsboro County General Hospital is benefiting the public more and more. This last year the admission of patients has been greater in number than any previous year and it seems to be increasing every year. In 1929 we admitted 200 more patients than in 1928 and in 1930 there were 107 more admissions than in 1929. Consequently also the average of patients per day has been increased from 96 to 101 plus. The cost of maintenance per day which was the year before \$2.03 this year is \$1.90. The average day stay in the hospital has been reduced from \$33.26 to \$31.78.

Report for the year ending Dec. 31, 1930, is as follows:

Number of patients admitted during the year	1160
Number of patients discharged during the year	1041
Smallest number at any time	78
Largest number at any time	128
Total number of hospital days	36,870
Average number of patients	101. plus
Number of patients in hospital Dec. 31, 1929	99
Number of patients in hospital Dec. 31, 1930	111
Cost per day per capita	\$1.90
Actual cost for year.....	70,099.39
Cash receipts for year	10,374.95
Appropriation for year	65,000.00
Average days in hospital	31.78

Our staff is composed of 55 physicians covering all specialties in medicine, surgery and dentistry, and all are chosen among the physicians of Hillsboro County in such a way that cities and towns are almost all represented on the staff. According with the requirements of the American College of Surgeons, the members of the staff meet once a month and business concerning the interests of the hospital is transacted, with some discussion on special cases treated during the previous month. During the year

1930, we had the visit of a representative of the American College of Surgeons who came at a time when our hospital was the attention of every one in the State and our medical staff felt gratified when Dr. Parker classified (A) the Hillsboro County Hospital to which they give their services with so much generosity. For the good rating which qualified our Hospital we are very much grateful to the members of the staff, to the matron and her assistants, to all our nurses and all those who have contributed in any way or manner.

Our gratitude must also be extended to the County Commissioners for their co-operation in the welfare of the hospital, to the Legislative body, County delegates for their vote, contribution towards improvements requested by the American College of Surgeons and solicited by our Staff.

We sincerely hope that our hospital with its improvements and better equipment will continue to have the confidence of Hillsboro County citizens.

DR. DAMASE CARON.

HILLSBOROUGH COUNTY GENERAL HOSPITAL
Grasmere, N. H.

To the Board of Commissioners of Hillsboro County:

The annual report of The School of Nursing is hereby submitted:

At the present time we have thirty nurses in training. Six nurses were graduated in June, nine probationers were admitted, eight of whom were retained.

One of our greatest needs is better living conditions for our nurses, twenty-four rooms only are available for thirty nurses, and with the increasing number of patients being admitted the training school will need to be enlarged.

The gift of a radio from the Commissioners to the nurses is greatly appreciated.

We wish to thank the members of the Staff who have given lectures to the nurses and also cared for them in illness. We also appreciate the course in Chemistry given by Mr. Peavey at the Goffstown High School.

I wish to thank the Commissioners, Mr. Connor, the Clergymen and Professional and Hospital Staff for their loyal co-operation at all times.

Respectfully submitted,

ADDIE M. MOORE, R. N.

Supt. of School of Nursing.

CHAPLAIN'S REPORT

To the Honorable Commissioners of Hillsborough County:

GENTLEMEN :

It is again my pleasure to submit to you a brief report of services rendered during the past year.

By personal visitation, by song and prayer and public address, I have labored as God's messenger, to bring cheer and help and spiritual advance to those under my care, with some measure of success and blessing.

I wish to express my hearty appreciation to Superintendent Connor and Assistant Superintendent Gagnon for their hearty co-operation and help in so many ways, and to you honorable commissioners likewise, for only through such co-operation can any large measure of success be attained.

Appreciatingly and respectfully submitted,

THOMAS C. BREWSTER,

Chaplain.

January 27, 1931.

CHAPLAIN'S REPORT

To the Honorable Board of Commissioners of Hillsborough County:

GENTLEMEN :

As my annual report must forcibly be one of a general nature, I might as well refer you to my last year's letter and avoid platitudinous repetitions.

As far as my work is concerned, I have followed the same line of duty in regular monthly Chapel services and in practically daily visits to one or the other of the departments. I have found the same kindly assistance everywhere and from everyone without a single failure; this, to my mind, is the highest tribute one can pay to an administration.

Among the notable improvements for the welfare of the inmates, and there have been many on the farm property both inside and outside, none could please me more than the sensible and tasty renovation of the Assembly Hall where religious services are held.

I consider it a privilege to work in collaboration with officials of a public institution, whose good-will and spirit of harmony are never wanting.

With sentiments of high esteem, I am

Yours very sincerely,

E. M. TOTAL,

Chaplain.

January 23, 1931.
